Welcome New Members

Congratulations Aaron Wick

Aaron Wick was recently named WRT's new Operations Manager, based out of the WRT Hazen Office.

Wick has been with WRT for almost 24 years - first working as an Installer Repair Tech covering the Goodrich, McClusky & TL area, then later as a Combination Technician and Network Technician.

He was promoted to WRT's Installation & Repair Dept Manager position in 2014 and has worked in that role until his recent promotion to WRT Operations Manager on April 9.

Wick will continue to be based out of WRT's Hazen Office - overseeing the Installation & Repair Department, Network Department, and Construction & Engineering Department.

Best Wishes James Byerley

After 11 years, James Byerley, WRT Operations Manager, took his last fast-paced lap through the halls of WRT's Hazen office on April 15; checking off the last of his projects, likely still carrying his never-ending mental list of things to do, and taking maybe a minute to relax and enjoy his last day before starting his new adventures.

Byerley has always looked forward to taking on new challenges and recently accepted the position of General Manager at Pioneer Connect, a telco in Oregon.

We wish James and his wife, Nicole, safe travels and all the best in their future endeavors.
